

DEEP RUN HOUNDS AT BROOK BRIDGE

Mr. McDonald Gets a Fall Over a Fence on Derracott's Farm.

SEVERAL LADIES TAKE PART

Have a Large Reception at the Club House After the Drag.

"When scent is high and hounds run true,
When the best in your stable is under you,
There's only one thing in the world to do,
Sit down, and ride hell for leather!"

(Deep Run Song.)

Deep Run Hounds met on yesterday afternoon at the Brook bridge, about six miles from town.

A large and well mounted field greeted the master, Mr. C. Beattie, who, with Mr. George Cole Scott, huntsman; Mr. Sydney and Epps, whips, completed the establishment.

Six and a half couple of hounds were trotted up to Warwick's, where they were thrown in. Hounds found and sailed away across the meadows, carrying the field over four flights of rails in good style.

A check came after Warwick's, and then away to Yellow Tavern and through "Squire Derracott's" wet hounds, with a field well up.

In Derracott's Mr. McDonald, on "Captain Jack," came to grief over the rails. Both horse and rider were soon up, and beyond mud and a few bruises neither suffered from the tumble.

Hounds ran through "Lakeside," "Bloomingdale," Westbrook, and finished at the club house.

Those who rode were: Mr. H. C. Beattie, on "Alan Dale"; Mr. G. C. Scott, on "Fritz"; Mr. Sydney, on "Five Spot"; Epps, on "Irish Mar"; Mr. Sydney, on "Spindler"; Miss Seaton, on "a thoroughbred"; Mr. "Cammer," on "Jim"; Mr. Christian, on "King"; Mr. Frank Christian, on "Ajax"; Mr. J. R. Anderson, on "Hildreth"; Mr. Forbes, on "Lightfoot"; Mr. Hobson, on "Ellington"; Mr. Leich, on "McDonald"; Mr. Captain Jack; Mr. Young, on "Cameo"; Mr. J. R. Anderson, on "Judith"; Mr. F. H. of Piedmont Hunt, on "Judith."

Ran But Fairly Well.

Hounds ran but fairly well, as the field persisted in riding close upon them. English hounds will not run if crowded, and more than this, it is not considered sportsmanlike to push to the front and overtake the pack.

One of the first rules of hunting is to remember not to crowd the master and his establishment; keep back and give the hounds a chance.

After the drag the following ladies received at the club house: Mrs. R. H. Lindsay, Mrs. John W. Harrison, Mrs. E. Lancaster Williams, Mrs. John Franklin Williams, Miss L. E. Whitford, Miss Nellie Tompkins, Miss Bessie Watkins, Miss Hickok, the Misses Harris.

Amongst those who called were Mr. and Mrs. C. C. Pinckney, Mr. and Mrs. Charles Davenport, Mr. and Mrs. Horace Hawes, Miss Davenport, Miss Morgan, Mr. and Mrs. Hamilton, Miss Hebard, Mr. and Mrs. Brydon, Tennant, Mr. Stanhope Bolling, Mr. Jonathan Brian, Mr. Morgan, Mr. and Mrs. A. H. Christian, Jr., Mr. and Mrs. David Tennant, Mr. Joseph E. Willard, Mr. Jennifer, Mr. Allen Potts, Mr. Harris, Mr. David Leach, Mr. A. R. Holladay, Mr. Archer Anderson, Mr. George M. Reid, Mr. John Montague, Miss Tyson, Mr. Vaughan, Mr. and Mrs. T. B. Scott, Miss Leary, Miss Gordon, Mr. J. T. Anderson, Colonel and Mrs. Alexander Cameron, Mr. and Mrs. Thomas Bolling, Mr. and Mrs. Lancaster Williams, Miss Scott, Dr. Bryce, Mr. William Gray, Mr. Jack Palmer, Miss Thompson, Mrs. Ford, Mrs. Welch, Mrs. Calvin Whiteley, Mr. W. H. Habington, Mr. Otto Nolting, Mr. and Mrs. William Parsh, Mr. William Rieger, Mr. Harwood, Mr. and Mrs. W. W. Moore, Mr. and Mrs. Beck, Mr. St. George Bryan, Mr. and Mrs. Battle, Mr. and Mrs. Buford, Mr. and Mrs. F. W. Scott, Miss Smith, of New York.

FELL ON A SAW AND WAS CUT TO PIECES

(Special to The Times-Dispatch.)
CHATHAM, Va., March 18.—Ben Blaney, a laborer at Aaron Brothers' saw mill, at Caldwells, while moving lumber Friday, fell on the saw. His body was cut in two, both legs cut off and his head cut open.

The first government position held by Frank H. Hitchcock, who has just been appointed First Assistant Postmaster General, was that of chief clerk to the Superintendent of Construction of the Post Office Building, when he was twenty-four years of age.

COMFORTING WORDS.

Many a Richmond Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Richmond readers.

Mrs. D. G. Jones, of 2nd East Franklin Street, says: "My husband has been complaining for a long time with a pain in his back. While it was not severe enough to keep him from his work, yet it annoyed him considerably. We tried to find a remedy for this trouble and when we heard of Doan's Kidney Pills we procured a box at Owens & Miner's drug store. He had taken the pills but a short time when they afforded him great relief. He continues and now he never complains of his back, and he speaks only the highest praise for Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

WOMEN NOT TRUTHFUL

This Statement Has Been Unjustly Made, Because Modest Women Evade Questions Asked By Male Physicians.

An eminent physician says that "women are not truthful; they will lie to their physician." This statement should be qualified; women do tell the truth, but not the whole truth, to a male physician, but this is only in regard to those painful and troublesome disorders peculiar to their sex.

There can be no more terrible ordeal to a delicate, sensitive, refined woman than to be obliged to answer certain questions when those questions are asked, even by her family physician. This is especially the case with unmarried women.

Is it any wonder, then, that women continue to suffer and that doctors fail to cure female diseases when they cannot get the proper information to work on?

This is the reason why thousands and thousands of women are now corresponding with Mrs. Pinkham. To her they can and do give every symptom, so that she really knows more about the true condition of her patients, through her correspondence with them, than the physician who personally questions them.

If you suffer from any form of trouble peculiar to women, write at once to Mrs. Pinkham, Lynn, Mass., and she will advise you free of charge.

The fact that this great boon, which is extended freely to women by Mrs. Pinkham, is appreciated, the thousands of letters received by her prove. Many such grateful letters are the following are constantly pouring in.

Ask Mrs. Pinkham's Advice—A Woman Best Understands A Woman's Ills.

WASHINGTON, NEW CRUISER, LAUNCHED

Automatic Trigger Device Obviated Customary Sawing of Sole Piece.

(By Associated Press.)
PHILADELPHIA, Pa., March 18.—Guests from the State of Washington, the national capital, New York, Philadelphia and other cities, including United States naval officers and congressmen, attended the launching of the new armored cruiser, Washington, at the yards of the New York Shipbuilding Company, in Camden. The event signaled two innovations in the launching of a warship.

The Washington was the first naval vessel to be launched in the United States by means of an automatic trigger device, which obviated the customary sawing of the sole piece at the bow. The cruiser was also the first war vessel to be launched from beneath a glass covered shed from a shipyard in the East.

Miss Helen Stewart Wilson, daughter of former United States Senator L. Wilson, of Washington, christened the cruiser. The familiar sounds of the knocking away of keel blocks and the sawing of the plank were missing. Instead one man went down to the keel and, using a hand valve, released two heavy steel triggers, which, in turn, removed a cast-iron stay and the Washington glided down the ways into the Delaware River.

WILL PAY DEBTS TO LAST CENT, SAYS SULLY

(By Associated Press.)
NEW YORK, March 18.—Daniel J. Sully, the central figure in the collapse of the big bull movement in cotton about a year ago, today announced, through his attorneys, that he proposed eventually to pay every one of his creditors in full, regardless of his recent discharge in bankruptcy. In making the announcement, the attorneys said that Mr. Sully does not regard himself as morally discharged from his obligations, and that it is his highest ambition to pay every dollar he owes. To this end they have under consideration, at Mr. Sully's request, a plan to be submitted to his creditors by which all the residue of his indebtedness over and above the distribution of the estate in the hands of the trustees ultimately shall be fully paid and discharged. They added that details of the proposed plan will be made known to the creditors and the public within a few days.

CORDOVA GOES TO PRISON FOR 4 YEARS

(Special to The Times-Dispatch.)
NEW BRUNSWICK, N. J., March 18.—W. F. Cordova, the unframed minister, Lyceum Theatre, Booker T. Washington was today sentenced to four years in the City Prison by Judge E. H. Felt, District Attorney Jerome, being seated at the right hand of the negro educator, who occupied the place of honor at the table. Many well known people of New York professional and social life were present.

CLEVELAND CELEBRATES SIXTY-EIGHTH BIRTHDAY

(By Associated Press.)
PRINCETON, N. J., March 18.—Former President Cleveland celebrated his sixty-eighth birthday quietly at his home, "Westland," today, receiving informally friends among the University faculty, who called. The callers included Dr. Paul Vandiver and President Wilson. Mr. Cleveland and a party will leave Monday for the South on a hunting trip.

'CYCLING RACE OPENS TO-MORROW

Riders Have Been Dashing Around Track in Training.

"The riders will start Monday night at 8 o'clock," said Jack Prince, manager and promoter of the cycling contest which opens at the Horse Show Building to-morrow night.

For two weeks Mr. Prince has been at the Horse Show Building with a force of men engaged in constructing the arena into a track for the riders. This was completed Thursday night and was turned over to the men for training purposes on Friday, and for the past two days the men have been limbering up and getting in shape for the contest. For more than a week some of the men have been in this city doing road work, walking and getting rid of surplus flesh.

Much interest is being manifested here by local men in the contests, and already a movement is on foot to revive interest in cycling and to have State and city meets here each year. It is expected that at these contests handsome prizes will be offered for the State and local championships.

Already Mr. Prince has arranged to pull off some local events that is, contests in which only local riders will figure, and for this purpose he will offer a number of trophies at an early date. The occasion will be followed by the presence of a band. The building will be open to-day to those who desire to inspect it, but there will be no training or racing of any kind to-day.

CROMWELL'S STATEMENT.

Says He Never Had Agreement With Mr. and Mrs. Reader.

(By Associated Press.)
NEW YORK, March 18.—Wm. Nelson Cromwell, the attorney, to-day made public a statement that he had never had any employment, understanding or agreement with Mr. and Mrs. Athol B. Reader, respecting any Santo Domingo matters. In a statement published to-day, Mrs. Ella H. Reader and her husband, Mr. Athol B. Reader, had acted as counsel for her husband and herself in a venture by which they had undertaken to secure financial relief for the Republic of Santo Domingo in return for valuable concessions. Mrs. Reader declared that the project was stopped on the eve of completion by a disclosure of it to the authorities at Washington and consequent dispatch of an agent of the United States government to Santo Domingo.

Mr. Cromwell in his statement says he has never received or been interested in any financial relief for the Republic of Santo Domingo in the remotest manner conferred with any official of the United States government upon the subject.

Booker Washington Guest at Luncheon.

(By Associated Press.)
NEW YORK, March 18.—Following his speech before a fashionable audience at the Waldorf-Astoria, Booker Washington, the educator, was guest of honor at a luncheon given by the Berkeley Club, which twice eloped with Julia Bowne, of South River, and who was convicted of abandoning his wife and three children, and assaulting his wife, was today sentenced to serve four years in prison, the maximum penalty.

NEWS GATHERED FROM THE SOUTHSIDE

Officer Moore Recovers a Horse and Also a Run-about.

Manchester Bureau, Times-Dispatch, March 18, 1905.
Policeman Mike Moore took a prominent part in the capture of a horse and runabout yesterday morning, and thereby brings a tale. Early yesterday morning Whitfield Tibbets, of Danville, came to town in a hurry to take back with him his little boy, aged less than two years. Tibbets went immediately to the home of his father-in-law, No. 218 M Street, Richmond. There were few people at home, and the father, having previously hired a vehicle from McDonough's, drove up. He got into the new car and got him some candy. Mr. Frank Menzel, a brother of Mrs. Tibbets, was present, and he said he would go, too. Then the party started off, ostensibly to the store for candy. In the meantime young Menzel, who got out to get a cigar in the store, was left in the car, and the horse and buggy was driven off. The young man tried to stop it, but without avail, and Tibbets drove across the bridge to Manchester, with his objective point as Petersburg. In the meantime Policeman Moore got wind of the affair and hustled around to get the little fellow in the car. Tibbets had abandoned it, as he took the Petersburg car. Then Chief Hagland was communicated with, and the result was that he was apprehended in that city and placed under arrest.

Detective Tom Wrenn went to Petersburg yesterday afternoon to hang back the man and the child, and returned with them about 8:30 o'clock last night, and carried the man to the First Station, where he was held under the charge of being a suspicious character. The child was turned over to the mother.

Annual Celebration.

Washington Camps Nos. 32 and 33, Patriotic Sons of America, have arranged for a big celebration at Leder Hall on the night of the 30th. The entertainment will consist of a concert, entertainment by the Munn Comedy Company, of Richmond, and the play will be the funny comedy of "Captain Rascall," with a curtain raiser. The arrangements were completed yesterday afternoon. The gentlemen on the committee consist of Messrs. M. L. Wood, W. H. Marshall, R. E. Chiddle, R. J. Andrews, C. M. Smith and H. A. Stewart.

Going After Fish.

The Manchester association is arranging for the first time to go fishing. They will leave to-morrow for their pond in Chesterfield county, where they expect to land enough to supply Colonel Allen's constituents at the city almshouse. The bunch has provided itself with plenty of bait, and there is nothing undone that may be desired, except a conference with the weather man.

Police Work.

The police could do nothing more last night than take up a few drunkards. Charles Jones, the first man who got behind his wheel, was put in a good place for safe keeping, and then John Woodson was taken up, for a similar cause.

Work of Council.

The Council will be called this week for two propositions. One is to ratify the work of the Water Board, and the other is to appoint a joint committee on free bridge to confer with a similar committee from the Richmond Council.

Approaching Marriage.

It is announced that Mr. A. D. Shotwell and Miss Cora Lumpkin are to be married at an early date. Mr. Shotwell is the most prosperous and important business man of the city. Miss Lumpkin is a popular lady, well known and liked, and the couple will find many well wishes for happy years of married life. The marriage is to take place one day this week.

Personals and Briefs.

A small fire at the Union Trunk and Bag factory yesterday morning caused \$60 worth of damage. The fire was caused by a defective fuse in the Corporation Court to-morrow.

Praise for Captain Hulce.

Dear Mr. Editor:
I noticed an article in your paper some days ago, headed "To Oust Chief Hulce," or words to that effect. I am surprised why it is that the Police Commissioners should have decided to rescind their action of some few months ago, when they elected Captain E. P. Hulce as the acting chief of police of the city of Richmond, and almost on the heels of this election they have decided to rescind their action. I think it is due to the citizens of our city, that if there are any causes to remove Chief Hulce, that he should be apprised of the reason therefor, and that he should be given an opportunity of explaining or defending against charges that may be brought against him? Or shall we believe that our Honorable Board of Police Commissioners are guilty of some political machination for the purpose of promoting a friend on the force, or a civilian to the position of chief of police? Is there any spleen that may be injected into this important election, that prompts our board in their determination? I cannot conceive that our Police Board would be guilty of these things. I am sure they are willing to act fairly in this matter, and it is due the citizens of Richmond and to Chief Hulce, that the movement of our Board of Police should be open and that every effort should be made to make the part of Chief Hulce to guard against the charges that clandestine methods were resorted to in furtherance of their designs. Is the Police Board an integral part of our government? If it is, and we surely claim our government to be a Democratic government, then let us avoid any action that savors of autocracy or bureaucracy. It is an indisputable fact that Captain Hulce has made a good officer, he has been in the police service for a number of years, and he has risen from private to the highest position within the gift of the Police Board, and he has served faithfully and dutifully in each capacity. Our citizens perhaps recall that at one time murders were committed and the murders were escaped, crimes of all natures were committed and the culprit escaped, but I think I am right when I say that since the installation of Captain Hulce as chief of police, there has been a diminution of crime, no murders, escape the vigilance of our police now, and it is due to the untiring efforts of our worthy chief. I am informed that the Commonwealth's Attorney and the judges of our courts in the City Hall

WILL THIS WONDERFUL SECRET POWER CONTROL THE DESTINIES OF NATIONS?

HOLDS MIGHTY SWAY OVER DISEASE.

Drugs, Christian Science, and All the Healing Arts of Man Outdone by Strange, Subtle Force that Works Seemingly Miracles of Healing.

WILL DOCTORS HAVE TO SEEK NEW VOCATIONS?

Physicians Requested to Submit Their Worst and Most Hopeless Cases to Test the Inexplicable Healing Power of Strange Discovery—Cures Those at Home Without Aid of Doctors the Same as Those Who Call in Person.

NEW YORK, Mar. 17.—It seems queer that after seeking, searching and tolling for over two thousand years to find a power, force, or chemical concoction to overcome disease, that at last it should be discovered right under man's very nose in one of the most ancient of all nations. It seems strange that Nature should have divined the needs of man and the modern diseases from which he now suffers, at the creation of the world and at that time provided a remedy for diseases which have developed only in recent years, and which are due entirely to modern conditions. It seems stranger still that man should have passed the plain unostentatious source of this mighty force, by day after day, without even trying to find out what it might do? It shows how prone the human family is to overlook the plainest of things. Undoubtedly there exists hundreds of marvelous unknown laws of Nature which would make our earth a veritable paradise if only discovered and used as the Creator intended.

The source of this marvelous power is a very ordinary looking tree, found in the mountain fastness of the Himalayas. The Yogis and high priests of India may have known of the strange virtues of this tree, and it may be that it played an important part in their seemingly miraculous control over life and death. Had it not been for the peculiar odor and rich yellow color of its root it might to-day be flowering and bearing its fruit for the lion and the leopard, instead of healing the ills of man. But one cannot smell the strange odor it emits without realizing that it possesses a remarkable combination of unusual properties. You would hardly dream, however, that it possessed all the properties necessary to combat the ills of man. Yet when you consider that the Creator placed in milk all the ingredients necessary to sustain life; and that wheat grows and absorbs many of the elements of man's life from the earth and air; it is no more wonderful that he should have created a single tree possessing all these marvelous properties, and it is but a manifestation of the infinite power and wisdom of the divine hand that conceived and created the universe.

This root was found to be of great value in diseases of women. In fact, it is the only remedy that may be depended upon absolutely to cure woman's ills. But gradually it was ascertained that diseases of women was only one

of the many spheres of its usefulness. Kidney, liver and lung troubles, Dyspepsia, Heart Trouble, Paralysis—all yielded to its strange power. In fact, it may truly be said that there is no disease it may not cure. It is absolutely non-poisonous and free from all injurious effects. Not only has it been used by the laity, but physicians have taken it up. A doctor who recently put it to a severe test says:

"To give an idea of its virtues, I will report a case which is sufficient to convince the most skeptical. Mrs. B., age sixty-two years, was suffering from Salt Rheum and Erysipelas, of thirty years standing. Limbs to the knees and arms to the elbows were covered with eruptions, interrupted by deep fissures. Appetite was poor, bowels so constipated as to necessitate from twenty to forty pills to produce an evacuation. As she had exhausted the pharmacopoeia (all known remedies) in vain, I had but little hope of relieving her, and certainly no idea of a cure. However, I placed her on the extract of this root, giving her three doses per day. In two weeks the eruptions had entirely disappeared from her limbs, the appetite was good and the bowels regular. The remedy has been discontinued for some time and the patient is well for the first time in thirty years. I have used the extract in Scrofula with happy results, enlarged glands disappearing readily under its use."

One of the scientific men who has investigated the action and curative powers of the juices of the root of this remarkable tree of life, has written a book giving a full history of it and stating exactly how it is to be used to cure the various diseases. This book also contains a great deal of extremely valuable information about the nature and the cure of diseases. A copy of it should be in every home for reference in case of sickness, as it is beyond doubt one of the best doctor books that has ever been published. For limited time a copy of this book is being given away free of charge. It is a straight from Nature's laboratory will be sent to anyone who is ill. Simply state the nature of your disease, and address National Remedy and Herb Dispensary, Office 1143 A, 13 East 53th Street, New York. Please do not write through mere curiosity as both the book and the remedy cost money, and while they will cheerfully be given free to anyone who needs them, the Dispensary cannot afford to give them out promiscuously to those who write through mere curiosity.
